

collectiveShop

Streamline your shop.

A SOLUTION FOCUSED ON MANAGING THE SHOP FLOOR.

Efficiency. Productivity. Accountability. These are just a few of the benefits you will gain by implementing Collective Data's *collectiveShop* software system into the everyday routine of running your maintenance shop.

Through simple views for supervisors, technicians, and parts issue, the preventative maintenance and repair process flow in sync.

- Gain the information you need to make better decisions and run a lean, efficient shop.
- System-based time tracking that gives you actual time spent on jobs.
- Powerful reporting tools for viewing trends and costs of the overall shop operation.
- Reduce labor time.
- Automated work order process for creating and closing much easier.
- More effective parts distribution.
- Much more.
